

**W1** 5mm | 7mm

**WATERPROOF®**  
EXTREME PERFORMANCE

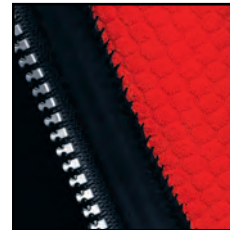

Introducing the **New W1 Series** for 2010.

**FRONT ZIP DESIGN**  
The W1 is designed with an angled front YKK #10 zipper to enhance comfort and flexibility.

**3-D SCULPTED SUIT**  
The W1 is 3-D anatomically designed with pre-bent arms, legs and panels for a superior fit.

**HexTex LINING**  
The W1 features HexTex Core Insulation Protection, a new lining material that slows water movement for enhanced warmth and increased comfort.

**WAVE FLEX PANEL**  
Specific sculpted panels in the arms and legs allow for ultra flexibility and comfort.

**WATERDAM**  
The W1 features a unique newly designed high neck seal that prevents waterflow into the suit during neck movement.

## Additional Product Features

- Available in 5mm and 7mm thickness.
- Gender Specific Design – Different patterns for man and lady provides comfortable lift and support.
- 3D Sculpted Suit - With pre-bent arms and legs for maximum anatomical fit.
- Hi-Density Microcell CR Neoprene with I-Span for more stretch and durability.
- WaterDam - Finally a working concept for hindering the water streaming down your neck and spine when moving your head. This WaterDam concept is unique for Waterproof.
- Generous double seals made from glide skin neoprene with zipper at arms and legs.
- HexTex Core Insulation Protection - a new configuration of dense knitted plush with a unique hexagon pattern to support the flex and to restrict the water flow inside the suit.
- SpinePad - 11mm thick and countered designed SpinePad features additional protection to kidney and spine areas.
- Knee pads - 3D moulded vulcanized rubber kneepads. Note the unique design that enables unrestricted leg movements via the "hinge effect". Mounted on DuraTex fabric.
- Neck Tab - A new adjustable fully moulded TPU (eco) NeckTab with micro teeth. Sticks only to the assigned Velcro part.

**GENDER SPECIFIC STYLING**  
Provides comfortable lift and support.

**SPINEPAD**  
11mm thick SpinePad features additional protection to kidney and spine areas.

**ZIPPER SEAL**  
Open cell and closed cell neoprene on opposite sides of the zipper for an ultimate dry seal.

**KNEEPAD**  
3D moulded vulcanized rubber kneepads. Note the unique design that enables unrestricted leg movements via the "hinge effect".

**ZIPPER PULL TAB**  
Good grip with or without gloves. The flat design makes it disappear when you don't use it.

**NECKTAB**  
New moulded TPU (eco) NeckTab with micro teeth and sticks only to the assigned Velcro part.

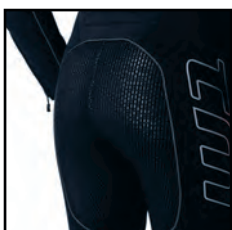

**DOUBLE SEAL DESIGN**  
Generous double seals made from glide skin neoprene with zipper at arms and legs.

**NECKTAB HOLDER**  
A unique holder to open the suit while on the surface or boat.

**COMPUTER STRAP ANCHOR**  
To prevent the computer from slipping off your arm when gloves are removed or suit is compressed. The antislip surface makes the computer to stay in place.

**A SEAT THAT GRIPS**  
Polyurethane embossing in the back provides a non-slip grip and integrated abrasion protection.

**EMBOSSED ELBOW**  
Embossed elbow protection with ToughTex abrasion resistance.

**MULTI OPTIONAL PLATFORM**  
A unique gadget that holds Waterproof series of micro back-up gauges. Compass/Temp/Reflex
